Stainless-steel transportation cabinets for
high-capacity washers
with optional use of electric hand-
operated trailer

Stainless-steel transportation cabinets for high-capacity washers

- Durable and robust welded construction made of AISI304 stainless steel
- Interchangeable stainless steel bumper corners
- Lockable bi-folding doors with the possibility of locking when open
- High-quality stainless steel wheels with durable non-marking tread, suitable for high-capacity washers
- Emphasis on the best possible dripping after washing - drain holes, drip grooves, slightly inclined shelves, etc.
- Optional use of an electric hand-trailer
